I hereby wish to subscribe to the Enhesa Update (12 issues). The subscription starts the day I receive the website address, logon and password. The Enhesa standard terms and conditions as attached apply.

The Enhesa Update Site has been developed to keep you updated of ever changing environmental, health and safety (EHS) regulations in a multitude of countries around the globe. On a daily basis Enhesa and its global network of consultants track and analyze new EHS legislation and regulations that impact business. On this site you will be able to find titles and abstracts of new and proposed EHS legislation and regulations in some 50 countries around the globe. The information on this site is updated monthly. The information on this site is not intended to be exhaustive. Every month some 250 to 300 records are added or updated.

From the Enhesa Update Site you can also order analyses of all records, which go into more detail than the abstracts. As part of your corporate subscription you can make requests for up to 40 analyses, at no additional cost. Additional analyses of records can be ordered and will be charged at EUR 50 per request and EUR 50 per record (i.e. one request of 5 additional records would be charged at EUR 300).
